

The most important element for creating effective assessments isn't available from just anyone.

Get a CPS IR 32-pad system free when you purchase an annual license of **ExamView®**.

Teachers need to monitor and assess student comprehension in the classroom using effective assessments. They need to engage their students and get them involved in learning with easy-to-use tools that won't take up any more of their time. They need access to high-quality questions for creating assessments that measure and promote progress on state academic standards. **Teachers need ExamView educational products for daily monitoring of achievement and progress in the classroom.**

**ExamView® Assessment Suite** and the **ExamView® Learning Series** are the leading educational software for creating, grading, managing, and delivering assessments in the classroom. These tools work exclusively with Classroom Performance System (CPS) response pads to bring teachers the only seamlessly integrated interactive classroom solution that engages students while assessing progress against state academic standards.

**Get a CPS infrared 32-pad system free** when you purchase an annual license of the **ExamView** educational products. The fee is \$995 for 450 students or less, \$1,495 for 451 to 749 students, and \$1,995 for 750 or more students.

Changing the Face of Education
